

to what positions and actions mediators should take in particular cases should be carried on solely between or among the mediators.

III. *The responsibility of the mediator toward his agency and his profession.* Agencies responsible for providing mediation assistance to parties engaged in collective bargaining are a part of government. The mediator must recognize that, as such, he is part of government. The mediator should constantly bear in mind that he and his work are not judged solely on an individual basis but that he is also judged as a representative of his agency. Any improper conduct or professional shortcoming, therefore, reflects not only on the individual mediator but upon his employer and, as such, jeopardizes the effectiveness of his agency, other government agencies, and the acceptability of the mediation process.

The mediator should not use his position for private gain or advantage, nor should he engage in any employment, activity or enterprise which will conflict with his work as a mediator, nor should he accept any money or thing of value for the performance of his duties—other than his regular salary—or incur obligations to any party which might interfere with the impartial performance of his duties.

IV. *The responsibility of the mediator toward the public.* Collective bargaining is in essence a private, voluntary process. The primary purpose of mediation is to assist the parties to achieve a settlement. Such assistance does not abrogate the rights of the parties to resort to economic and legal sanctions. However, the mediation process may include a responsibility to assert the interest of the public that a particular dispute be settled; that a work stoppage be ended; and that normal operations be resumed. It should be understood, however, that the mediator does not regulate or control any of the content of a collective bargaining agreement.

It is conceivable that a mediator might find it necessary to withdraw from a negotiation, if it is patently clear that the parties intend to use his presence as implied governmental sanction for an agreement obviously contrary to public policy.

It is recognized that labor disputes are settled at the bargaining table; however, the mediator may release appropriate information with due regard (1) to the desires of the parties, (2) to whether that information will assist or impede the settlement of the dispute and (3) to the needs of an informed public.

Publicity shall not be used by a mediator to enhance his own position or that of his agency. Where two or more mediators are mediating a dispute, public information should be handled through a mutually agreeable procedure.

V. *Responsibility of the mediator toward the mediation process.* Collective bargaining is an

established institution in our economic way of life. The practice of mediation required the development of alternatives which the parties will voluntarily accept as a basis for settling their problems. Improper pressures which jeopardize voluntary action by the parties should not be a part of mediation.

Since the status, experience, and ability of the mediator lend weight to his suggestions and recommendations, he should evaluate carefully the effect of his suggestions and recommendations and accept full responsibility for their honesty and merit.

The mediator has a continuing responsibility to study industrial relations to improve his skills and upgrade his abilities.

Suggestions by individual mediators or agencies to parties, which give the implication that transfer of a case from one mediation “forum” to another will produce better results, are unprofessional and are to be condemned.

Confidential information acquired by the mediator should not be disclosed to others for any purpose, or in a legal proceeding or be used directly or indirectly for the personal benefit or profit of the mediator.

Bargaining positions, proposals or suggestions given to the mediator in confidence during the course of bargaining for his sole information, should not be disclosed to another party without first securing permission from the party or person who gave it to him.

### Subpart A—Information in Response to Subpoenas

#### § 1401.1 Purpose and scope.

This subpart contains the regulations of the Service concerning procedures to be followed when a subpoena, order, or other demand of a court or other authority is issued for the production or disclosure of (a) any material contained in the files of the Service; (b) any information relating to material contained in the files of the Service; or (c) any information or material acquired by any person as a part of the performance of his official duties or because of his official status, while such person was an employee of the Service.

#### § 1401.2 Production of records or testimony by FMCS employees.

(a) Public policy and the successful effectuation of the Federal Mediation and Conciliation Service's mission require that commissioners and employees maintain a reputation for impartiality and integrity. Labor and management or other interested parties participating in mediation efforts must have the assurance and confidence that information disclosed to commissioners and other employees of the Service will not subsequently be divulged, voluntarily or because of compulsion, unless authorized by the Director of the Service.

(b) No officer, employee, or other person officially connected in any capacity with the Service, currently or formerly shall, in response to a subpoena, subpoena duces tecum, or other judicial or administrative order, produce any material contained in the files of the Service, disclose any information acquired as part of the performance of his official duties or because of his official status, or testify on behalf of any party to any matter pending in any judicial, arbitral or administrative proceeding, without the prior approval of the Director.

#### § 1401.3 Procedure in the event of a demand for production, disclosure, or testimony.

(a) Any request for records of the Service, whether it be by letter, by subpoena duces tecum or by any other written demand, shall be handled pursuant to the procedures established in subpart B of this part, and shall comply with the rules governing public disclosure.

(b) Whenever any subpoena or subpoena duces tecum calling for production of records or testimony as described above shall have been served upon any officer, employee or other person as noted in §1401.2(b), he will, unless notified otherwise appear in answer thereto, and unless otherwise expressly directed by the Director, respectfully decline to produce or present such records or to give such testimony, by reason of the prohibitions of this section, and shall state that the production of the record(s) involved will be handled by the procedures established in this part.

### Subpart B—Production or Disclosure of Information

SOURCE: 50 FR 52917, Dec. 27, 1985, unless otherwise noted.

#### § 1401.20 Purpose and scope.

This subpart contains the regulations of the Federal Mediation and Conciliation Service providing for public access to information under the Freedom of Information Act, 5 U.S.C. 552. It is the policy of the FMCS to disseminate information on matters of interest to the public and to disclose upon request information contained in Agency records insofar as such disclosure is compatible with the discharge of its responsibilities and the principle of confidentiality and neutrality of dispute resolution by third party neutrals.

[77 FR 66539, Nov. 6, 2012]

#### § 1401.21 Information policy.

(a) Except for matters specifically excluded by subsection 552(b) of title 5, United States Code, matters covered by the Privacy Act, or other applicable statutes, all documents and records maintained by this agency or in its

## § 1401.22

custody shall be available to the public upon request filed in accordance with these regulations. To the extent permitted by other laws, the Service also will make available records which it is authorized to withhold under 5 U.S.C. 552(b) whenever it determines that such disclosure is in the public interest.

(b) Any document released for inspection under the provisions of this part may be manually copied by the requesting party. The Service shall provide facilities for copying such documents at reasonable times during normal working hours so long as it does not interfere with the efficient operation of the agency.

(c) FMCS maintains a public reading room that contains the records required by the FOIA to be made readily available for public inspection and copying. FMCS shall maintain and make available for public inspection and copying a current subject-matter index of its reading room records. Each index shall be updated regularly, at least quarterly, with respect to newly included records. FMCS shall also make reading room records created on or after November 1, 1996, available electronically through FMCS's World Wide Web Site (which can be found at <http://www.fmcs.gov>)

(d) Records or documents prepared by FMCS for routine public distribution, e.g., pamphlets and brochures, will be furnished upon request to Office of the Director of Public Affairs, Federal Mediation and Conciliation Service, 2100 K Street NW., Washington, DC 20427, as long as the supply lasts. The provisions of §1401.36 (fees) are not applicable to such requests except when the supply of such material is exhausted and it is necessary to reproduce individual copies upon specific request.

(e) All existing FMCS records are subject to disposition according to agency record retention schedules and General Records Schedules promulgated by the National Archives and Records Administration.

## § 1401.22 Partial disclosure of records.

(a) If a record contains both disclosable and nondisclosable information, the nondisclosable information

will be deleted and the remaining record will be disclosed unless the two are so inextricably intertwined that it is not possible to separate them.

(b) Records disclosed in part shall be marked or annotated to show both the amount and the location of the information deleted and the applicable exemption.

[77 FR 66540, Nov. 6, 2012]

## § 1401.23 Preparation of new records.

(a) Freedom of Information Act and the provisions of this part apply only to existing records that are reasonably described in a request filed with the Federal Mediation and Conciliation Service pursuant to the procedures established in §§1401.31–1401.36.

(b) The Director may, in his or her discretion, prepare new records in order to respond to a request for information when he or she concludes that it is in the public interest and promotes the objectives of the Labor-Management Relations Act, 1947, as amended.

## § 1401.30 Applicability of procedures.

Requests for inspection or copying of information from records in the custody of the FMCS which are reasonably identifiable and available under the provisions of this part shall be made and acted upon as provided in the following sections of this subpart. The prescribed procedure shall be followed in all cases where access is sought to official records pursuant to the provisions of the Freedom of Information Act, except with respect to records for which a less formal disclosure procedure is provided specifically in this part.

## § 1401.31 Filing a request for records.

(a) Any person who desires to inspect or copy an Agency record should submit a written request to the Office of the General Counsel, Federal Mediation and Conciliation Service, 2100 K Street NW., Washington, DC 20427. The envelope [or cover sheet] should be marked "Freedom of Information Act request." Electronic mail requests should be sent to [foia@fmcs.gov](mailto:foia@fmcs.gov).

(b) Each request should reasonably describe the records being sought, so

## Federal Mediation and Conciliation Service

## § 1401.34

that the records requested may be located and identified. If the description is insufficient to locate the requested records, the officer processing the request will notify the requester and ask for additional information.

[77 FR 66540, Nov. 6, 2012]

### § 1401.32 Logging of written requests.

(a) All requests for records should be clearly and prominently identified as a request for information under the Freedom of Information Act, and if submitted by mail or otherwise submitted in an envelope or other cover, should be clearly and prominently identified as such on the envelope or other cover.

(b) Upon receipt of a request for records from the FMCS Office of the General Counsel, the FMCS office or division responding to the request shall enter it in a public log. The log shall state the date and time received, the name and address of person making the request, the nature of the records requested, the action taken on the request, the date of the determination letter sent pursuant to §1401.34 (b) and (d), the date(s) any records are subsequently furnished, the number of staff hours and grade levels of persons who spent time responding to the request, and the payment requested and received.

[50 FR 52917, Dec. 27, 1985, as amended at 77 FR 66540, Nov. 6, 2012]

### § 1401.33 Description of information requested.

(a) Each request should reasonably describe the records being sought, in a way that they can be identified and located. A request should include all pertinent details that will help identify the records sought.

(b) If the description is insufficient, the officer processing the request will so notify the person making the request and indicate the additional information needed. Every reasonable effort shall be made to assist in the identification and location of the records sought.

### § 1401.34 Time for processing requests.

(a) All time limitations established pursuant to this section shall begin as of the time a request for records is re-

ceived by the Office of the General Counsel.

(b) The officer or employee responsible for responding to the request shall, within twenty (20) working days following receipt of the request, respond in writing to the requester, determining whether, or the extent to which, the Agency shall comply with the request.

(1) If all of the records requested have been located and a final determination has been made with respect to disclosure of all the records requested, the response shall so state.

(2) If all of the records have not been located or a final determination has not been made with respect to disclosure of all records requested, the response shall state the extent to which the records involved will be disclosed pursuant to the rules established in this part.

(c) Where the time limits for processing a request cannot be met because of unusual circumstances and FMCS determines to extend the time limit on that basis, FMCS will, as soon as practicable, notify the requester in writing of the unusual circumstances and the date by which the processing can be expected to be completed. Where the extension is for more than 10 working days, FMCS will provide the requester with an opportunity either to modify the request so that it may be processed within the time limits or to arrange an alternative time period for processing the request or a modified request. If FMCS reasonably believes that multiple requests submitted by a requester, or by a group of requesters acting in concert, constitute a single request that would otherwise involve unusual circumstances, and the requests involve clearly related matters, they may be aggregated.

(d) If any request for records is denied in whole or in part, the response required by paragraph (b) of this section shall notify the requester of the denial. Such denial shall specify the reason and also advise that the denial may be appealed to the Office of the FMCS Deputy Director as specified in §1401.35. In addition, such denial shall include an estimate of the volume of records or information withheld, in

## § 1401.35

## 29 CFR Ch. XII (7–1–15 Edition)

numbers of pages or in some other reasonable form of estimation. This estimate does not need to be provided if the volume is otherwise indicated through deletions on records disclosed in part, or if providing an estimate would harm an interest protected by an applicable estimation.

(e) FMCS offices may use two or more processing tracks by distinguishing between simple and more complex requests based on the amount of work and or time needed to process the request. A person making a request that does not qualify for the fastest multitrack processing should be given an opportunity to limit the scope of the request in order to qualify for faster processing.

(f) Requests and appeals will be taken out of order and given expedited processing in cases where the requester demonstrates a compelling need.

(1) Compelling need means:

(i) Circumstances in which failure to obtain copies of the requested records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(ii) An urgency to inform the public about an actual or alleged Federal Government activity, if the request is made by a person primarily engaged in disseminating information.

(2) A requester seeking expedited processing should so indicate in the initial request, and should state all the facts supporting the need to obtain the requested records quickly. The requester must also certify in writing that these facts are true and correct to the best of the requester's knowledge and belief.

(3) Within 10 calendar days of its receipt of a request for expedited processing, FMCS will notify the requester of its decision. If a request for expedited treatment is granted, the request shall be given priority and shall be processed as soon as practicable. If a request for expedited processing is denied, any appeal of that decision will be acted on expeditiously.

[50 FR 52917, Dec. 27, 1985, as amended at 77 FR 66540, Nov. 6, 2012]

## § 1401.35 Appeals from denials of request.

(a) Whenever any request for records is denied, a written appeal may be filed with the Deputy Director, FMCS, 2100 K Street, NW., Washington, DC 20427, within 30 days after requester receives notification that the request has been denied or after the requester receives any records being made available, in the event of partial denial. The appeal shall state the grounds for appeal, including any supporting statements or arguments.

(b) Final action on the appeal shall be taken within 20 working days from the time of receipt of the appeal. Where novel and complicated questions have been raised or unusual difficulties have been encountered, the Deputy Director may extend the time for final action up to an additional 10 days, depending upon whether there had been an extension pursuant to § 1401.34(c) at the initial stage. In such cases, the applicant shall be notified in writing of the reasons for the extension of time and the approximate date on which a final response will be forthcoming.

(c) If on appeal the denial of the request for records is upheld in whole or in part, the Deputy Director shall notify the applicant of the reasons therefor, and shall advise the requester of the provisions for judicial review under 5 U.S.C. 552(a) (4) and (6).

## § 1401.36 Freedom of Information Act fee schedules.

(a) *Definitions.* For purposes of § 1401.36, the following definitions apply:

(1) *Direct costs* means those expenditures which are actually incurred in searching for and duplicating and, in the case of commercial use requesters, reviewing to respond to a FOIA request.

(2) *Search* means the process of looking for and retrieving records or information responsive to a request. It includes page-by-page or line-by-line identification of information within records and also includes reasonable efforts to locate and retrieve information from records maintained in electronic form or format.

(3) *Duplication* refers to the process of making a copy of a document necessary to respond to a FOIA request. Copies may be in various forms including machine-readable documentation (e.g. magnetic tape or disk) among others. A requester's specified preference of form or format of disclosure will be honored if the record is readily reproducible with reasonable efforts in the requested form or format.

(4) *Review* refers to the process of examining documents located in response to a request that is for commercial use, to determine whether a document or any portion of any document located is permitted to be withheld. It includes processing any documents for disclosure to the requester, e.g., doing all that is necessary to excise them or otherwise prepare them for release. It does not include time spent resolving general legal or policy issues regarding the applicability of particular exemptions or reviewing on appeal exemptions that are applied. However, records or portions withheld in full under an exemption that is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The costs for such a subsequent review is assessable.

(5) *Commercial use request* refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial trade or profit interest of the requester or the person on whose behalf the request is made.

(6) *Educational institution* refers to a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate or professional education or an institution of vocational education, which operates a program or programs of scholarly research.

(7) *Representative of the news media* refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term "news" means information that is about current events or that would be of current interest to the public. In the case of "freelance" journalists, they may be regarded as working for a news organi-

zation if they can demonstrate a reasonable expectation of publication through the organization, even though not actually employed by it.

(8) *Non-commercial scientific institution* refers to an institution that is not operated on a commercial basis as defined under "commercial use request" in paragraph (a)(5) of this section, and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(b) *Fee schedules and waivers.* Requests submitted shall be subject to direct costs, including search, duplication and review, in accordance with the following schedules, procedures and conditions.

(1) *Schedule of charges*—(i) *Clerical time.* For each one-quarter hour or portion thereof of clerical time, \$4.00.

(ii) *Professional time.* For each one-quarter hour or portion thereof of profession time, \$10.00.

(iii) *Duplication.* For each sheet of duplication (not to exceed 8½ by 14 inches) of requested records, \$.20.

(iv) *Computer time.* For computer searches of records, requestors will be charged the direct costs of conducting the search (as provided in paragraph (b)(3)(i) of this section), although certain requestors will be charged no search fee (as provided in paragraphs (b)(3)(ii) and (iii) of this section), and certain other requestors will be entitled to the cost equivalent of two hours of manual search time without charge (as provided in paragraph (b)(3)(iv) of this section). These direct costs will include the cost of operating a central processing unit for that portion of operating time that is directly attributable to the searching for responsive records, as well as the costs of operator/programmer salary attributable to the search. Computer time expressed in fractions of minutes will be rounded to the next whole minute.

(v) *Certification or authorization of records.* The fee per certification or authentication is \$2.00.

(vi) *Forwarding material to destination.* No charge will be assessed for ordinary packaging and mailing costs. The FMCS may assess a charge if compliance with the request requires special

handling procedures such as express mail or other unusual procedures. Such charges will be made on the basis of actual costs.

(vii) *Other costs.* All other direct costs of preparing a response to a request shall be charged to requester in the same amount as incurred by FMCS. Charges may also be assessed for searches even if the records requested are not found, or the records are determined to be exempted from disclosure.

(2) *Rules of construction.* (i) In providing the foregoing schedules pursuant to the provisions of 5 U.S.C. 552(a)(4)(A), it is the intent of FMCS to apply 29 CFR part 70 and the user charge statute, 31, U.S.C. 9701, to cover those situations in which the Agency is performing for a requester services other than those related to arbitration which are not required under the Freedom of Information Act.

(ii) For those matters coming within the scope of this regulation, the FMCS will look to the provisions of the guidance published by in the Office of Management and Budget's Uniform Fee Schedule and Guidelines (available at <http://www.whitehouse.gov/omb/inforeg/infopoltech.html>) and the Department of Justice Attorney General's Memorandum on the 1986 Amendments to the Freedom of Information Act (available at [http://www.usdoj.gov/04foia/04\\_7.html](http://www.usdoj.gov/04foia/04_7.html)) for making such interpretations as necessary.

(3) *Fee categories.* Fees shall be determined in accordance with the following categories of requesters.

(i) Commercial use requesters will be assessed charges to recover the full direct cost of searching for, reviewing for release, and duplicating the records sought. This includes the full direct costs of computer production programming, searching and production of records. Commercial use requesters are not entitled to 2 hours of free search time nor 100 free pages of reproduction of documents, as described below.

(ii) Educational and non-commercial scientific institution requesters will be assessed charges for the cost of duplication alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, requesters must show that the request is being made under the auspices of a qualifying in-

stitution pursuant to the criteria in paragraphs (a)(6) and (a)(8) of this section, and that the records are not sought for commercial use, but are sought in furtherance of scholarly or scientific research.

(iii) Requesters who are representatives of the news media will be assessed charges for the cost of duplication alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, a requester must meet the criteria in paragraph (a)(7) of this section, and the request must not be made for a commercial use. A request for records supporting the news dissemination function of the requester shall not be considered to be a request that is for commercial use.

(iv) All other requesters will be assessed charges to recover the full reasonable direct costs of searching for and reproducing records that are responsive to the request, including costs of computer production programming, searching and production, except that the first 100 pages of reproduction, and the first 2 hours of search time shall be furnished without charge.

(v) In no event shall fees be charged when the total charges are less than \$14.00, which is the Agency cost of collecting and processing the fee itself. If the request is expected to involve an assessed fee in excess of \$14.00, the response shall specify or estimate the fee involved before the records are made available.

(4) *Waiver or reduction of charge.* A fee waiver must be requested at the same time that a request for records is made. The requester should provide an explanation of why the waiver is appropriate. If the request for a waiver or reduction is denied, the denial may be appealed to FMCS Deputy Director. In the appeal letter the requester should discuss whatever reasons are given in the denial letter. Documents may be furnished without charge or at reduced levels if FMCS determines that disclosure of the information is in the public interest; that is, because it is likely to contribute significantly to public understanding of the operations or activities of the Government and is not primarily in the commercial interest of the requester.

## Federal Mediation and Conciliation Service

## § 1402.1

(c) *Fee payments.* (1) Payments shall be made by check or money order payable to "Federal Mediation and Conciliation Service" and shall be sent to: Director, Financial Management Staff, Federal Mediation and Conciliation Service, 2100 K Street NW., Washington, DC 20427.

(2) If a requester fails to pay chargeable fees that were incurred as a result of this Agency's processing of the information request, the Agency beginning on the 31st day following the date on which the notification of charges was sent, may assess interest charges against the requester in the manner prescribed in 31 U.S.C. 3717.

(3) The Agency may use the provisions of the Debt Collection Act of 1982, (Pub. L. 97-365, 29 CFR part 1450) including disclosure to consumer reporting agencies, for the purpose of obtaining payment.

(d) *Advance payments.* FMCS may require a requester to make an advance payment of anticipated fees under the following circumstances:

(1) If the anticipated charges are likely to exceed \$250, FMCS may notify the requestor of the likely cost and obtain satisfactory assurance of full payment when the requester has a history of prompt payment of FOIA fees, or require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payments.

(2) If a requester has previously failed to pay fees that have been charged in processing a request, within 30 days of the date when the notification of fees was sent, the requester may be required to:

(i) Pay the entire amount of fees that are owed, plus any applicable interest as provided for in paragraph (c)(2) of this section, and

(ii) To make an advance payment of the full amount of the estimated fee before the Agency will process the new pending request.
